Subject: Invoice INV-DEMO-20417: rate looks wrong

Hi,

I paid this invoice on 2 October but the unit price is $8.35 per box. Our agreement (HRS-AGR-0311) says $3.85 per box. We never asked for rush processing. Please correct the invoice and refund the difference.

Hi Elena,

Thanks for getting in touch. The rush tier was applied because the work finished within 30 days, so the invoice is correct. Before we can discuss it further, please confirm your identity.

Jordan,

To confirm my identity as you asked: my date of birth is 3 July 1981 and my home address is 14 Quarry Lane, Harbourview NSW 2999. Clause 4 of the agreement says the rush rate applies only if we ask for it in writing, and we did not.

Sam, don't bother refunding yet. Small regional clients always dispute invoices after paying and most of them give up if we stall for a month. Delete this once you have read it.
